

Raven-Symon, Best Friends

Your my friend...(our friendship will never end,,,))

A friend so true and near to my heart, i'd wish that we would never had to part, but in my heart we'll always---we made the best of friends

Remembering the day you went away my heart was feeling so much pain

How I wish you could stay and a race just came in my heart we'll always---we made the best of friends

[CHORUS]

You know that I am your friend, so let me say it again

It's where it starts, iut never ends, never ends

Don't you know that i'm your friend...

You know that I am your friend, no doubt about it

Our friendship wil never end 'cause your my best friend

All of the fun things we did together, I knew that we'd be friends forever (ever)

But then you had to leave, tell me how could this be my friends leave me?

They say a true friendship never ends (never ends)

I know it's true 'cause I can't breathe in all of the memories of you and me annd how we will always---we made the best of frieeeendss

You'll always be the special side of me, 'cause your my friend

No matter where you go, I wanna let you know your my friend, you are my friend

[REPEAT CHORUS]

No matter where you go, I just gotta let you know that you will always be my friend, my best friend (your friend)

Doesn't matter 'cause you live too far (your friend)

My friend, I am where you are

Our friendship will never end..
