

# Raven, The Savage and the Hungry

Pressure building up inside my head  
Get the strangest looks, what have I said  
Got to snap out but I just can't start  
Feel as if I'm gonna fall apart  
Get a grip on the line  
Keep your balance, see the danger sign  
Gonna run out of time  
Playing with the razor  
Running for your life  
Every step is leading me astray  
Wish that I could see the light of day  
Fact or fiction, I just cannot tell  
This twisted tightrope taking me to hell  
Get a grip on the line  
Keep your balance, see the danger sign  
Gonna run out of time  
Playing with the razor  
Running for your life  
Burning with the fever  
That cuts me like a knife  
Get a grip on the line  
Keep your balance, see the danger sign  
Gonna run out of time  
Playing with the razor  
Running for your life  
Burning with the fever  
That cuts me like a knife
