## Ray Charles, Love Me Tonight (Lover, Love Me T

[Verse (published but not sung in the film)] There's a glistening ring Around the moon-Are you listening? It is not too soon-Must we sleep tonight alone? Let us keep tonight As our very own.

Your heart and my heart
Were made to meet.
Don't make them waitLove me tonight!
Why sould our lips
Be afraid to meet?
Love me tonight.
Who knows what tomorrow brings
With the morning light?
Dear, I'm here
With a heart that sings
Love me tonight!
