Ray Charles, Teardrops In My Heart

You'll never know I cried, when I found out you lied For I've been hangin on this teardrops in my heart

My eyes dare not reveal, the way I realy feel Because I know I'll cry my heart out if I start

Though I'm pretending, that I dont care To be with you my darlin, is my prayer

But way down deep inside, I cant give up my pride So I'll just keep on hiding teardrops in my heart

[Solo Piano]

But way down deep inside, I cant give up my pride So I'll just keep on hiding teardrops in my heart
