

Ray Dalton, Do It Again

I still replay it in my head
You were gold like September
Lost in a thousand silhouettes
Those were the days to remember

We got to do it again
We got to do it again
You got me singing again
Don't let this feeling end
We got to do it again
We got to do it again
Ain't no stopping us now

You know that I've been waiting for the sunshine
It's been a long time
I've got an appetite
I've been waiting for the sunshine
Throw me a lifeline
'Cause baby it's been a long long time
A long long time

Tell me can you see the signs, my love
We could stay here forever
Just like a pretty diamond, love
We were born under pressure

We got to do it again
We got to do it again
You got me singing again
Don't let this feeling end
We got to do it again
We got to do it again
Ain't no stopping us now

You know that I've been waiting for the sunshine
It's been a long time
I've got an appetite
I've been waiting for the sunshine
Throw me a lifeline
'Cause baby it's been a long long time
A long long time

I still replay it in my head
You were gold like September
Lost in a thousand silhouettes
Those were the days to remember

I've been waiting for the sunshine
It's been a long time
I've got an appetite
I've been waiting for the sunshine
Throw me a lifeline
'Cause baby it's been a long long time
A long long time
'Cause baby it's been a long long time
