

Ray LaMontagne, You Should Belong To Me

first time I saw your face
I must admit I was feeling just a little bit out of place
so young and stupid didn't have no plan
I was just walking in the sand
I was just walking with my shoes in my hands
didn't have no plans
you so pretty with your hair all a mess
your eyes so bright and full of happiness
and I could not find the words to tell you how you are making me feel inside
I just stood there before you and smiled
well I wanna know you, wanna kiss you, wanna love you
wanna show you there will be no one else above you
and you're mine
baby, well you're my sweet, my sweet little baby
you should belong to me
oh smiling and free
yes you should be loving me
you should belong to me
I remember yesterdays
the hours we spent together and the games we used to play
one thing I have learned, oh it hurts me to say
you can never never ever never go back again
I wanna show you wanna kiss you wanna love
wanna show you there will be no one else above you baby
when you're mine, when you're my sweet my sweet little baby
you should belong to me
smiling and free
oh you should be loving me
yea you should belong to me
