

# Ray Price, Across The Wide Missouri

My true love stands across the river far across the rolling river  
On the banks I hear her calling  
Away we're bound away across the wide Missouri  
Oh Shennandoah I long to see you far across the rolling river  
Shennandoah I'll not deceive you  
Away we're bound away across the wide Missouri  
[ strings ]  
For seven years I've been a rover far across the rolling river  
I'll return and be your lover  
Away we're bound away across the wide Missouri
