

Ray Price, Are You Sure

Oh look around you look down the barroom the lonely faces that you see
Are you sure that this is where you want to be
These are your friends but are they real friends do they love you the same as me
Are you sure that this is where you want to be
You seem in such a hurry to live this kind of life you caused so many tears and misery
Look around you take a good look and tell me what you see
Are you sure that this is where you want to be
[steel]
Don't let my tears persuade you I had hoped I couldn't cry
But lately teardrops seem a part of me
So look around you and take a good look at all the lonely used to be
Are you sure that this is where you want to be
