Ray Price, Are You Sure

Oh look around you look down the barroom the lonely faces that you see Are you sure that this is where you want to be

These are your friends but are they real friends do they love you the same as me Are you sure that this is where you want to be

You seem in such a hurry to live this kind of life you caused so many tears and misery Look around you take a good look and tell me what you see

Are you sure that this is where you want to be

[steel]

Don't let my tears persuade you I had hoped I couldn't cry

But lately teardrops seem a part of me

So look around you and take a good look at all the lonely used to be

Are you sure that this is where you want to be
