

# Ray Price, I'd Fight The World

Now I don't care what anybody thinks of me  
My pride is gone and here I am on bended knees  
I want you and I need you that's all I know  
And I'll fight the world before I'll ever let go go  
I'll gladly beg I'll steal I will borrow I'll turn my back on everyone I know  
I'll do these things with no fear of tomorrow  
I'll fight the world before I'll ever let go go  
[ ac.guitar - steel ]  
I'll gladly beg...  
I'll fight the world before I'll ever let go go
