

Ray Price, I'm Gonna Change Everything

I'm gonna start in the hall take the pictures off the wall and burn them
Move the chairs around take the window curtains down and burn them
Everything I see reminds me you were here

I'm gonna change everything that holds a mem'ry of you
Take the carpet off the floor throw it out the door it's filled with tears
Everything I find that brings you to my mind must disappear

Every night I dream I'll dream of someone new
I'm gonna change everything that holds a mem'ry of you

[trumpet]

The candle of your set you gave me on the night of my birthday

The records that you bought the hi-fi we loved to play

The decorating man will come and rearrange them

I'm gonna change everything that holds a mem'ry of you

I'm gonna change everything that holds a mem'ry of you
