

# Ray Price, Oh Yes Darling

Do I love you do I want you oh yes darling  
Do I miss you long to kiss you oh yes darling  
Do I need you like the flowers need the sunshine in the spring  
And when you're near I'm happy dear and all the birds will sing  
Do I always dream about you oh yes darling  
Do I hold you in my arms now oh yes darling  
Do I love you do I want you do I need you miss you too  
Oh yes darling yes I do  
[ fiddle - steel ]  
Do I always dream about you...
