

# Raze, Shoulder Shake

It's not hard  
Leave your shoulders in charge  
No need to be nasty  
You can shake groovaciously  
And move respectfully  
This is the way you do it  
You know there's nothing to it  
Praisin' and shakin' do this  
Shoulders are shakin'  
This groove is makin' me move

Shake your shoulders tonight  
There's no need to be shy  
Give it a try  
Shake your shoulders tonight  
There will be dancin' all night  
Everyone's right

Take a look over there  
I see some heads bobbin' the crowd is jumpin'  
Big black boots stompin'  
I feel that bass movin' that beat is groovin'  
There's a man on the mic  
Makin' everybody in the house scream  
Sounds good, feels right  
Everybody in this place tonight  
Get up, come on  
Let this groove get inside  
Let it move you tonight

## CHORUS

I'm gonna shake, shake my shoulders
