

Reagan Youth, What Will The Neighbors Think?

Father comes on, mixes up another drink
And brother comes on, throws up in the kitchen sink
And sister dyes her mohawk green and pink
And mother's wonderin' what the neighbors are gonna think

No one cares about the neighbors
Who gives a damn about the neighborhood?
Who cares what the neighbors think?

Who gives a damn about the neighbors?
Did they ever have to follow a favor?
What rules do they think?

Now who cares about the neighborhood?
Who gives a damn about the neighborhood?
No one cares what the neighbors think

Who gives a damn about the neighbors
Did they ever have to follow a favor?
What we would never think

Father comes on, mixes up another drink
And brother throws up in the kitchen sink
And sister dyes her mohawk green and pink
And mother's wonderin' what the neighbors are gonna think

Who cares 'bout the neighborhood?
No who cares about the neighborhood?
Who gives a damn what the neighbors think?

Who gives a damn about the neighborhood?
Did'ja ever need a favor, huh?
What we would never think
