

# Real Mckenzie's, Stone Of Kings

The armies came 800 years ago  
Give or take a 100 years or so  
They thought that they could take the crown  
They thought that they could keep us down  
Because they had the stone of scone

Return the stone of kings  
Return the stone of destiny  
Return the stone of kings  
Return the stone (return the stone of destiny)

Some say it came from the holy land  
And carried all the way by holy hands  
Saint Patrick laid a curse  
And said some holy verse  
And crowned an ancient king upon the stone

The armies came 800 years ago  
Give or take a 100 years or so  
We finally got them on the track  
When we got the boulder back  
Yeah I said we got the throne of scone
