

Reba McEntire, Pins & Needles

(janis carnes, rick carnes, chip hardy)

Chorus:

Pins and needles

Needles and pins

One by one I feel them at my heart again

I think I'm getting over you and then

Pins and needles

Needles and pins

I don't know why

I get uneasy

Every time I hear your name

I feel a sting from every memory

That we made

Repeat chorus

That tiny ache

Can always find me

Anytime that you are near

Those little things

Can still remind me

That you don't care

Repeat chorus

(pins and needles

Pins and needles

Pins and needles

Needles and pins)
