

# Reba McEntire, You Got Me (Right Where You Want Me)

Darling could I just have one moment with you we're here all alone just us two  
Let me try to tell you in a few little words how my heart feels about you  
If there were no rainbow I'd paint one for you  
And I'd teach the robin a new song or two  
Then I'd fight forever and hand it to you oh I wish there was more I could do  
You've got me right where you want me it's true I'm right in the palm of your hand  
You've got me right where you want me to be and I won't be right where I am  
[ guitar ]  
You've got me right where you want me to be and I won't be right where I am
