

Rebeca Lavelle, Love you, hate you

Think you want me
Won't go there
But you
Need me, need me now
Think I want you
Can't be sure
You can
Touch me, touch me, touch me now
Touch me
Hate you, love you, want you and I need you
It's not easy
It makes me cry
Need you, want you, hate you
Love you, need you, want you
Gotta go, say goodbye, say goodbye
Think you know me
But you don't
Can you
Show me, show me how
Think you're hot
No you're not
You can
Love me, love me, love me now
Love me
Hate you, love you, want you and I need you
It's not easy
Makes me cry
Need you, want you, hate you, love you, need you, want you
Gotta go, say goodbye
Hate you, love you, want you and I need you
It's not easy
Makes me cry
Need you, want you, hate you, love you, need you, want you
Gotta go, say goodbye, say goodbye
Hate you, love you, want you, need you
Hate you, love you, want you and I need you
Say goodbye
Say goodbye
