

Rebecca Lavelle, Don't Give Up

We are sisters
We need each other
Need your passion
Need your heart
We are sisters
Here together
It's not easy
We have to start
We are sisters
So just ask me
Ask for courage
We can share
We are sisters
Have each other
Have the future
Don't be scared
Don't give up
Try one more time
We won't give up
Let me help you
Let me care
Walk beside me
I'll be there
So don't give up
Don't walk away
Need each other
Can you see that?
We both need courage
That we can share
It's not easy
Never easy
That's ok though
'Cos we'll get there
Don't give up
Try one more time
We won't give up
Let me help you
Let me care
Walk beside me
I'll be there
So don't give up
Don't walk away
Here together
Here forever
They could never tear us apart
If we stand together
They could never
Steal you from my heart
We are sisters
Here together
It's not easy
We have to start
Don't give up
Try one more time
We won't give up
Let me help you
Let me care
Walk beside me
I'll be there
So don't give up
Don't walk away
Don't give up
Don't give up
Don't give up

Don't give up
