

Rebecca Lavelle, Just A Child

Seemed a long way, long ago
Now it's close, so close to you
Sky above and solid ground,
Now it's close, so close to you

Chorus:

Oh the great wheel turns,
You never know,
You ride that edge
And it moves so slow
But it turns and turns, and deep inside,
You think you know
But your just a child

Just a child...

Nothings fixed, it all flows
Comes together then moves apart
Find the centre, If you can
Come together and find your heart

Chorus

Find the rhythm, It's a gift
Waiting for you it stays true
It stays true...
It will touch you if you try
Touch so gently, enter you
It will touch you, touch you

Chorus

Your just a child
