

Rebecca Lynn Howard, Melancholy Blue

(Tom Douglas/Harlan Howard)

Ever since I lost you babe

I've been here and there

Looking for some piece of mind, can't find it anywhere

I went down to Tunica, played me a little blackjack

Saw a wino on the corner gave my winnings back

If it was just money

Baby, I could make it

But living without you

Can I take it

All I see ahead of me

Is just melancholy blue

Cause I ain't got no future without you

I went down to Austin, lots of beautiful people there

Could have had a better adventure, I just didn't care

Got a job in California, they sure like my style

But there's something about that California sun

Reminds me of your smile

If it was just money

Baby, I could make it

But living without you

Can I take it

All I see ahead of me

Is just melancholy blue

Cause I ain't got no future without you

Now and then I go back to Biloxi

Whenever I feel brave

Visit that little country church down there

Lay some flowers on your grave

You sure got a hold on me, I don't want to do

I ain't got no future

I can't see no future without you
