

Rebecca Lynn Howard, Melancholy Blue

(Tom Douglas/Harlan Howard)

Ever since I lost you babe

I've been here and there

Looking for some piece of mind,can't find it anywhere

I went down to Tunica,played me a little blackjack

Saw a wino on the corner gave my winnings back

If it was just money

Baby,I could make it

But living without you

Can I take it

All I see ahead of me

Is just melancholy blue

Cause I ain't got no future without you

I went down to Austin,lots of beautiful people there

Could have had a better adventure,I just didn't care

Got a job in California,they sure like my style

But there's something about that California sun

Reminds me of your smile

If it was just money

Baby,I could make it

But living without you

Can I take it

All I see ahead of me

Is just melancholy blue

Cause I ain't got no future without you

Now and then I go back to Biloxi

Whenever I feel brave

Visit that little country church down there

Lay some flowers on your grave

You sure got a hold on me,I don't want to do

I ain't got no future

I can't see no future without you
