

# Rebecca St. James, Alive

I always wanted to be free  
Till I was bound and then  
I always wanted my own way  
Till I saw that I find my life when I lose it.

chorus

You make me come alive  
You make me come alive

I found the secret

Its only when I let go

Of what I want in this life

You make me come alive

I used to think that me myself & I were all that mattered

But you showed me all this world can give

Cannot compare to the joy that comes from

Giving away

chorus

And as I follow after You

I know I need to

Leave my past, myself behind

This I will do

chorus 2x
