

Rebecca St. James, Be Still And Know

Alone in the valley
I cried for You to fill me with
Your peace
So when the lightning strikes
thunder rolls around me
Still I live in peace
You ask that I...

Be still and know
You are God
(2x)
You are God...

When the fires rage
When the storms surrounds me
Still I live in peace
Though the mountains fall
Crash into the ocean
Still I live in peace
You ask that I...

Be still and know
You are God
(2x)

You ask that I...

Be still and know
You are God
(2x)

You are God...

Lead me through the valley
Lead me by the streams
Restore me and draw me to You God

To You I lift my soul
To You who makes me whole
Gently You hold me close to You
oooh... close to You... ooohh...

Be still and know
You are God
(4x)

Be still and know
You are God
(2x)

You are God...

You're near me
You love me
You hold me
You reach me
You steal me
You move me
You draw me to You God
(2x)

You are God... (2x)

(You are God...) 2x

You steal me, You draw me to You

(You are God...) 2x

When the fires rage, still I live in peace...

You are God...
