

# Rebecca St. James, I Need You

Wide open my life is now  
I hide no more behind the mask  
And what you see is what I am, it's reality

For too long I walked alone  
I tried to prove that I was strong  
But now that part of me is gone  
And I am free, free to be

I need you  
And there is nothing I must prove  
For you are a friend who loves at all times  
I thank God for you  
I love you  
I need you

I think back to all the times  
That you have shown the meaning of love and grace  
Your embrace inspires me  
To be better

And now I want to be  
The one who loves you like you love me  
And comforts you with the comfort I've been given from above  
Now I'm giving you my love  
'Cause
