

# Rebekah, Love Trap

I don't like it  
But I need it  
Can't even be ashamed  
I don't want it  
But I feel it  
I can't stop it  
Cus I got it bad for you babe  
And ooh baby I'm trying  
I fight a good fight  
And still you suck me in you suck me in  
And ooh baby I'm slippin  
I'm losing my grip and  
I'm caught in this love trap again  
I can't stand it  
But I lose it  
Oh if you say my name  
I don't plan it  
But I choose it  
I can't change it  
I just kinda fiend for you babe  
And ooh baby I'm trying  
I fight a good fight  
And still you suck me in you suck me in  
And ooh baby I'm slippin  
I'm losing my grip and  
I'm caught in this love trap again  
I don't hide it  
'cause I tried it  
It's such sweet misery  
What if I give in and I face my fear?  
Would that make you stay or make you disappear?  
It doesn't matter now which one you say  
'cause I still want you, anyway  
I can't take it  
'cause I fake it  
Oh babe I'm beggin' on my knees  
And I love it  
But I hate it  
I can't shake it  
'cause you got a hold on me  
I fight a good fight  
And still you suck me in you suck me in  
And ooh baby I'm slippin  
I'm losing my grip and  
I'm caught in this love trap again
