

Rebekah, To Be Special

Hey friends what would
You like to discuss today?
Let's see, maybe
The weather or the world today
I'm not sure, but I think
There might be something to say
About the, the way we're
Livin' and lovin' and givin' in vain
'cause life is more than you
And love is more than me
Conscious is more than where you are
Or where you wanna be
But if these things are true
Then who am I?
Who are you?
And what do I need to do...
To be special?
Hey friends, who should
We try to become today?
'cause sometimes I find
It challenging to stay the same
Is it me, or could we
Find a more effective game
To hide the way we're
Lyin' and cryin' but tryin' in vain
'cause life is more than you
And love is more than me
Conscious is more than where you are
Or where you wanna be
But if these things are true
Then who am I?
Who are you?
And what do I need to do...
To be special?
What would I need to do?
What would I need to say?
Who would I need to screw?
And is it you today?
Who would I need to be?
Who would I need to see?
Just for someone to take note of me...
'cause life is more than you
And love is more than me
Conscious is more than where you are
Or where you wanna be
But if these things are true
Then who am I?
Who are you?
And what do I need to do...
To be special...
