

# Rebel Meets Rebel, One Nite Stands

I don't make promises that I can't keep  
Got to keep movin', got no time to sleep  
Don't talk to me about my future plans  
It's time to go, I'm into one night stands

I'm into one night stands  
I'm into one night stands  
If you want wedding rings  
To put on your hands  
Don't look at me  
I'm into one night stands

Ride the highways like a man possessed  
I got this demon here inside my chest  
I'm hard to satisfy, you understand?  
I need some love, I'm into one night stands

I'm into one night stands  
I'm into one night stands  
If you want wedding rings  
To put on your hands  
Don't look at me  
I'm into one night stands

Play it, Dime!

I play some football, like my younger days  
Then our ol' Hendrix sing Purple Haze  
That's when I put together my first band  
And now I'm only into one night stands

I'm into one night stands  
I'm into one night stands  
If you want wedding rings  
To put on your hands  
Don't look at me  
I'm into one night stands

One night stands
