Rebelde, Connected

I'm down-folded on this roller coaster they call life Keep trying to make it through the next turn,

knuckles white and holdin' tight

So here I go, {So here I go}

I'm takin' a curve

but I know that I'm never alone

I think of you, until you never let me go

I feel connected, protected

It's like you're sitting right with me all the time

You hear me, you're near me,

And everything else's gonna be alright

'Cause nothin' can break this

Nothin' can break this

Nothin' can break this time

Connected

Connected inside

It's not an accident, the time we spent apart

But now we're so close

I can always find you right here in my heart

You given me somethin' I need

And I don't ever want it to end

Because of you, I know I found my strength again

I feel connected, protected

It's like you're sitting right with me all the time

You hear me, you're near me,

And everything else's gonna be alright

'Cause nothin' can break this

Nothin' can break this

Nothin' can break this time

Connected

Connected inside

Everytime that I breathe,

I can feel the energy

Preachin' out, flowin' through

You to me and me to you

Make your dream

Walk or stand

You are everywhere I am

Seperate souls

You to find

in my mind

You given me somethin' I need

And I don't ever want it to end

Because of you, I know I found my strength again

I feel connected, protected

It's like you're sitting right with me all the time

You hear me, you're near me,

And everything else's gonna be alright

Connected, protected

It's like you're sitting right with me all the time

You hear me, you're near me,

And everything else's gonna be alright

'Cause nothin' can break this

Nothin' can break this

Nothin' can break this time

Connected
