

# Reckless Kelly, Drink Your Whiskey Down

When trouble comes knockin'  
Beatin' down your front door  
When the devil starts stalkin'  
One thing holds the cure

Drink your whiskey down  
Put sorrow in the ground  
Drink your whiskey down  
When no life can be found  
Drink your whiskey down!

If you've had an evil woman  
Use you and leave you for dead  
Don't hang your head in sorrow  
Just pick up that bottle instead

Drink your whiskey down  
Put sorrow in the ground  
Drink your whiskey down  
When no life can be found  
Drink your whiskey down!

When those cold winds are blowing  
Good times have come and went  
Life's dealt a losing hand, child  
But one thing remains a sure bet

Drink your whiskey down  
Put sorrow in the ground  
Drink your whiskey down  
When no life can be found  
Drink your whiskey down!

Drink your whiskey down!  
Let's all drink our whiskey down!  
Come on now boys let's drink our whiskey down!
