

Recover, Sleeper

i can beat this. make it smaller. make it smaller.
i can forget just as easy as anyone.
fuckin' anyone.
if we get caught, gonna tell em it was all your fault.

sleep more, lose time, keeps my mind from catching up.
lie down if you can't stand, you can have my bed tonight.

i can beat this. make it smaller. make it smaller.
i can forget just as easy as anyone.
fuckin' anyone.
if you give up, gonna know it's cos you sleep too much.

sleep more, lose time, keeps my mind from catching up.
lie down if you can't stand, you can have my bed tonight.

you go to sleep with me.
you wake me up.
i can't breathe. i can't do anything.
you've got me gagged and bound.
i can't breathe. i can't breathe.
fuck yeah!
