

# Red Bridge, Mechanization

I was made to give them power  
steel skeleton, control panel  
microchips are all in my body  
obey the orders  
Cause it is  
Mechanization  
Every day inside my factor  
1000 motors make life reactor  
those machines are all my brothers  
I join'em to rise up against the others  
Cause it is  
Mechanization alive x2  
(Mechanization alive)  
New generation life  
(New generation life)  
Mechanization alive  
(Mechanization alive)  
Broken bodies scatter in the field  
ten limbs monsters armored and made to kill  
So we need to become in one like twins  
And when the judgement day come fight and win  
Mechanization alive  
(Mechanization alive)  
New generation live  
(New generation live)  
Mechanization alive  
(Mechanization alive)  
Cause it is  
Mechanization alive
