

Red Car Wire, I Want To Get Out

Do you not want to see me again?
Cause the things me and my friend's did
Like the time we stole your car,
It sucks you had to change,
I don't know who you are
And I will help you,
Yeah, you'll get to see
A different side now,
"He went to junior high with me"
That's what you'll say
This is all you'll get from me,
It's all you'll get from me...
Cause I wanna find a new direction,
Want a place to call vacation,
Where I can do whatever the hell I want, yeah
We're taking off now,
Now we're out in flight
Illimitable life, so stay awake tonight
Cause in the morning we'll just be memories
I picked a photograph for you to fall asleep to
This is all you'll get from me,
It's all...
I wanna find a new direction,
Want a place to call vacation,
Where I can do whatever the hell I want, yeah
And I want a California sunset,
Want to wake up in the morning and do whatever the hell I want
Yeah, Cause I...
Cause I wanna find a new direction
Want a place to call vacation,
Where I can do whatever the hell I want, yeah
And I want a California sunset,
Want to wake up in the morning, yeah
