

# Red, Death of Me

I should've seen all the signs all around me  
But I was comfortable inside these wounds  
So go ahead and take another piece of me now  
While we all bow down to you  
You tear me down and then you pick me up  
You take it all and still it's not enough  
You try to tell me you can heal me  
But I'm still bleeding  
And you will be the death of me  
How can you help my affliction  
If you're the sickness and not the cure  
Too long I've faked this addiction  
Another sacrifice to make us pure  
You tear me down and then you pick me up  
You take it all and still it's not enough  
You try to tell me you can heal me  
But I'm still bleeding  
And you will be the death of me  
You tear me down and then you pick me up  
You take it all and still it's not enough  
You try to tell me you can heal me  
But I'm still bleeding  
And you will be the death of me  
I won't forget  
I cannot forget this  
I won't forget  
I'll never forget this (4x)  
I know I can never prove this illusion  
You aren't the one that I thought you were  
And so I learned to embrace this delusion  
The line that separates us starts to blur  
You tear me down and then you pick me up  
You take it all and still it's not enough  
You try to tell me you can heal me  
But I'm still bleeding  
And you will be the death of me  
And you will be the death of me  
I won't forget  
I cannot forget this  
And you will be the death of me
