

Red Flag, I See You

I've seen faces on a runaway ghost train
Bound for nowhere, going nowhere
Having no shame

I've seen the light at the end of the tunnel
Oncoming train, captain insane
At the end of the tunnel

I see you, I see you
I see you, I see you
You see me too but I'm getting through

I've seen the righteous
So filled with hate
Define a foe is all they know
Their common trait

I've seen people who lack ambition
Take a life without a knife
For recognition

I see you, I see you
I see you, I see you
You see me too but I'm getting through
You see me too but I'm getting through
I see you, I see you
I see you, I see you
