

Red Hot Chili Peppers, Buckle Down

Hah!
On the ice
No holdin'
My soul
I want men
Not mice
No stoppin'
My throw

Hah!
Get this!
Red star
Black fist
Work
Or play ball
Or just turn me loose

I know what's right, in life, you better buckle down
Don't give up your fight, in life, you better buckle down
Two days with might, in life, you better buckle down
Leave dreams tonight, in life, you better buckle down
'Cos I know what's right!

Hah!
On the ice
No holdin'
My soul
I want men
Not mice
No stoppin'
My throw

Hah!
Get this!
Reds are
Back bills
Work
Or play ball
Or just turn me loose

I know what's right, in life, you better buckle down
Don't give up your fight, in life, you better buckle down
Two days with might, in life, you better buckle down
Leave dreams tonight, in life, you better buckle down
'Cos I know what's right!

I know, I know, I know what's right!
I know, I know, I know what's right!
I know, I know, I know what's right!
I know, I know, I know what's right!
