Get on Top Get on Top

Hit me come get me I bite but she bit me

Go-rilla Cunt-illa  
Sammy D and Salmonella  
Come with me 'cause I'm an ass killer  
You're ill but I'm iller

I'll malinge on your block and  
Give the finger to a cop and  
Pick a lock before I'll knock and  
Set you up to get on top

Complications of a mastermind  
Last temptation of my kind  
Extra planetary sign  
When do we align  
All in time  
Right on

Get up and come sit up I light up but she lit it

Grass Hopper Show Stopper  
The life of a Wife Swapper  
Come with me 'cause I'm a big bopper  
You do but I wopper

Exterminate my cause  
You want to draw some straws  
Be the one to see my flaws  
Make me bleed with painted claws

Complications of a mastermind  
Last temptation of my kind  
Extra planetary sign  
When do we align  
All in time  
Right on
