

# Red Hot Chili Peppers, I Could Die For You

Something inside the cards I know is right  
Don't wanna live somebody else's life  
This is what I want to be  
And this is what I give to you  
Because I get it free  
She smiles while I do my time

I could die for you  
Oh this life I choose

I'm here to be your only go-between  
To tell you of the sights these eyes have seen  
What I really want to do, is turn it into motion  
Beauty that I can't abuse.  
You know that I use my senses to  
You can see that it's only everywhere  
I'd take it all and then I'd find a way to share  
Come along and go along with me  
Wander with me yo  
It's all for free

I could die for you  
What you wanna do  
Oh this life I choose  
I could die for you,  
What you wanna do  
Oh this life I choose

Come again and tell me where you wanna go  
What it means for me to be with you alone  
Close the door and no-one has to know  
How we are

Come along and go along with me  
Wander with me yo  
It's all for free

I could die for you  
What you wanna do  
Oh this life I choose
