

Red Hot Chili Peppers, This Is The Place

This is the place where all the junkies go
When time gets fast but everything gets slow
Can I get some vaseline
Step into a modern scene
Take a chance on that which seems to be the making of a dream
I don't wanna do it like my daddy did
I don't wanna give it to my baby's kid

Chorus:

This is my calling
I said my darling
Shocking appalling
All I can do to you
Hammers are falling
I said my darling
Shocking appalling
All I can do to you

This is the place where all the devils plead
Their case to take from you what they need
Can I isolate your gene
Can I kiss your dopamine
In a way I wonder if she's living in a magazine
I don't wanna say it if it isn't so
I don't wanna weigh it but I gotta know

Chorus:

This is my calling
I said my darling
Shocking appalling
All I can do to you
Hammers are falling
I said my darling
Shocking appalling
All I can do to you

I saw you out there yesterday
What did you wanna say
A perfect piece of DNA
Caught in a flashing ray
I caught you out there in the fray
What did you wanna say
A masterpiece of DNA
Caught in a flashing ray

Can I smell your gasoline
Can I pet your wolverine
On the day my best friend died I could not get my carpet clean
I don't wanna take it up with little Joe
I don't wanna fake it but I gotta know

Chorus:

This is my calling
I said my darling
Shocking appalling
All I can do to you
Hammers are falling
I said my darling
Shocking appalling
All I can do to you

I am a misfit
I'm born with all of it
The fucking ultimate of love inside the atom split

I'm in a flash ray
A mash of DNA
Another poppin' Jay who thinks he's got something to say
