

Red Lorry Yellow Lorry, Pushing On

Moving on
Don't ever look behind
Keep pushing on
Don't ever turn your eyes
Running on to nowhere
Stepping on the past
This talk of revolution
It was never meant to last
Keeps pushing on
Pushing on
Pushing on me
And on... me!
Riding on
Don't ever stop to stare
Keep pushing on
This fever is on fire
Buiding up to nowhere
Leave no trace behind
This race for revolution
Keeps pushing on my mind
Pushing on, pushing on me
Pushing on, pushing on me
Pushing on, pushing on me
Pushing on, pushing on me
Pushing on, pushing on... me!
