

# Red Sea, Walk On Fire

It's been seven years to the day  
Since the last time I threw your love away  
And as many years of tryin' to pacify the pain inside  
Time after time I never read between the lines they sold me  
I can't cry but I think it's just a matter of pride

Every time I see your face I remember your ways  
And I'd walk on fire for you

So many times before I swore I'd sacrifice my world to find you  
I don't know but it feels like I've got nothin' left to lose  
I got nothin' left to lose  
Every time I see your face I remember your ways  
Every time I cross that line I swear on my life I'd  
Walk on fire, miles and miles  
Walk on fire to get to you

Every time I see your face I remember your ways

Fire  
Every time I see your face I remember your ways  
Every time I cross that line I swear on my life I'd  
Walk on fire, miles and miles  
Walk on fire to get to you

If the flames burned higher  
I'd walk that wire  
Walk on fire to get to you  
Walk on fire  
Walk on fire  
Walk on fire to get to you
