

# Red Sovine, I'm Just Lucky I Guess

She's my girl she's my world she's my life to me  
She's my girl she's my world she's my wife to be  
She makes me actin' dress my best keeps me filled with the happiness  
I don't know I'm just lucky I guess

What a lucky day it was when I met her what a lucky street to meet with the best  
But don't ask me why I come to win her I don't know I'm just lucky I guess  
She's my girl she's my world...

She will give me memories extra special she's so different not like all the rest  
Since I met her how I've changed she's gonna let me change her name  
I don't know I'm just lucky I guess  
She's my girl she's my world...
