

Red To Violet, Here I Am

troubles that we went through
reflect a state of mind so blue
and a cigarette won't help me too
but when you need me I'll be there
there for you

here I am, here I am
here I am...

'cause I am here - for you
for you

troubles that seem to stay
they seem to belong to yesterday
can you heal the mind and make them all go away
make the sun shine... every day

here I am, here I am
here I am...

'cause I am here...
for you I'd even change my mind
for you I'd seek what's hard to find...
and whenever you'll be needin' me
oh babe, I'll be there in energy
with you

here I am (troubles that seem to stay)
here I am... (can you heal the mind and make them all go away)
here I am...

troubles that we went through
but a cigarette won't help me too
