

# Red To Violet, Mr J

I feel your presence  
are there some things you'd like to say  
mister J  
a grateful feeling  
it's good to have you here today  
dear mister J

but in this world we fear  
and in this world we fear  
and for this love we yearn  
but in this mess we learn  
and in this questioning  
within this kosmic thing  
we fear what we can't see  
and in this world we fear - to be

it's gettin' confidential  
but you've got your signs to say 'hey hey'  
to say 'hey hey'  
I get the message  
I know you talk to me  
in toilets and bars  
through music in cars  
oh mister J

but in this world we fear  
and in this world we fear  
and for this love we yearn  
but in this mess we learn  
and in this questioning  
within this kosmic thing  
we fear what we can't see  
and in this world we fear - to be  
la la la la...

and in this world we fear  
and in this world we fear  
and for this love we yearn  
but in this mess we learn, we learn
