

# Redd Kross, Annie's Gone

I heard the other day  
That she went and gone away  
She was always sort of out of step  
She couldn't ever be  
Something that you couldn't see  
She was always there right in your face

Annie's gone  
Annie's gone  
Annie's gone  
It's so dark  
It's so dark around here now  
Can't believe she's gone away  
Can't believe she's gone to stay  
But it's true  
Annie's gone

I guess she couldn't play  
By the rules she had no say  
And she did her in this way today  
I know I feel like this sometimes  
Feel like giving up my mind  
But it's all I have and it is mine

Annie's gone  
Annie's gone  
Annie's gone  
It's so dark  
It's so dark around here now  
Can't believe she's gone away  
Can't believe she's gone to stay  
But it's true  
Annie's gone

Annie's gone....
