

# Redd Kross, Monolith

Rotten world black to the core  
Do you want another war  
Something big, something more?  
Lightning god lives in the sky  
Are you not like other guys  
Sheets of rain and light that blinds

Sometimes, sometimes, all i want is the sunshine  
Sometimes, sometimes, all i want is

All i need is the ground at my feet and to love you  
All i need is the warmth on my face  
And it&#039;s you that makes me feel this way

Little girl what do you want  
Is it something that i&#039;ve got  
Maybe yes or maybe not  
Hands that reach to touch the sea  
A man in love is hard to be  
The price you pay is never free

Sometimes, sometimes, all i want is the sunshine  
Sometimes, sometimes, all i need is

All i need is the ground at my feet and to love you  
All i need is the warmth on my face  
And it&#039;s you that makes me feel this way

Just give me a kiss  
On top of the monolith  
Don&#039;t hide away because  
The light today is stars in flames

Sometimes, sometimes, all i want is the sunshine  
Sometimes, sometimes, all i need is  
Sometimes, sometimes, all i want is the sunshine  
Sometimes, sometimes, all i need is  
Sometimes, sometimes, all i want is the sunshine  
Sometimes, sometimes, all i want is  
Sometimes, sometimes, all i need is  
Sometimes, sometimes, all i want is
