

# Redemption, Blind My Eyes

Can you see past this place  
Where our failings took us unaware?  
I have dreams of a future brighter than the past

Faith sustain me  
Take away my fear  
Hope reclaim me  
Wipe these sins away  
Love renew me  
Give me strength to cross the gap between  
Denial and the truth that burns so bright  
It blinds my eyes

I have been to a darker place  
Than I had thought I'd ever go  
Your voice calling out to me  
And now I know  
I can dream of a future brighter than the past
