

# Redhead Kingpin And The F.B.I., Do The Right T

'Check this out' ... 'Check this out'

'Ah yeah'  
'Ah yeah'  
'Ah yeah'

'Ah, ah yeah'  
'Ah, Ah yeah)

Do the right thing, not talking about a black or white thing  
'Cause that will cause conflict and make this shit a jig  
But your definition of legit and illegitimate  
Is confusin' now the redhead one to say  
So make things clearer, 'cause in about a year or  
Two what you do is take a look up in the mirror  
And what you see is the image of hate  
That you shed upon the others of sisters and the brothers  
Now in my opinion you need someone to teach  
The whole world is acting like a giant out of reach  
I asked my man victor, what he used to do for fun  
He said, he learned to shoot a gun before the age of 21  
Crime, man, abortion, all kinds of mind distortion  
This is very important but just a little portion  
Of what you can do, that's a clue and it's true, yo  
The one apprentice wanna make your life better and do the right thing

'Do the right thing' You got to do the right thing  
'Do the right thing' Do the right thing  
'Do the right thing' You got to do the right thing  
'Do the right thing'

Brothers are stealin' and dealin' and big wheelin'  
And to a younger mind that stuff is appealin'  
So what do they do, they gather up a crew  
Go out and steal and rob instead of gettin' a job  
Now your mother tried to bring you up better than that  
The same way she loves you you love her right back  
But now you think you're grown and you argue a lot  
Over money you got from dealin' stuff on the block  
Now you're not the only one in the world that has problems  
Keep your head straight and you can surely solve them  
Be a fly guy and reach sky high  
And like the Jeffersons you get a piece of the pie  
I hope you take heed to the message I brought  
In other words: the lesson I taught  
The Redhead kick a lyric but I won't sing  
And the FBI Crew wants you, and you and you to do the right thing

'Do the right thing' You got to do the right thing  
'Do the right thing' Do the right thing  
'Do the right thing' You got to do the right thing  
'Do the right thing'

Right about now we're gonna start using our own words now  
Gonna be counted off as we go on something like this  
One, two, three

And Manhattan, you got to do the right thing  
Brooklyn, you got to do the right thing  
And the Bronx you got to do the right thing

Bruise Island, you got to do the right thing  
Long Island, you got to do the right thing  
Staten Island, you got to do the right thing

On the West Coast, you got to do the right thing  
Everybody, everybody in the world, you got to do the right thing

Do the right thing 'Check this out'  
'Ah yeah'  
Do the right thing  
'Ah yeah'  
Do the right thing

'Do the right thing' You got to do the right thing  
'Do the right thing' Do the right thing  
'Do the right thing' You got to do the right thing  
'Do the right thing'

The Redhead One sendin' out a message on a positive note  
Try to make you all see the light when we're supposed to be in the dark  
Y'know, this is goin' out to my mother, to my brother  
To the rest of the FBI tribe

And you know what I'm sayin'  
Everybody else in the world  
I just want y'all to do one thing  
And that's the right thing

'Do the right thing' You got to do the right thing  
'Do the right thing' Do the right thing  
'Do the right thing' You got to do the right thing  
'Do the right thing'

'Do the right thing' You got to do the right thing
