

Rediscover, Do You Think

I'll take you to a movie
Oh, you look so lovely
I'll take you to my bedroom
Where you can prove to me
That you really love me

A funny feeling
That you're gonna leave
I'll give you our new CD
One more look at me to ease
The suffering

This is gonna be a heartbreaker (this is gonna be)
Caught me dancing (caught me)
In your make-up (in your make-up)
Wait, wait, tell me
Before you leave
Do you think this dress (do you think this dress)
Looks good on me (looks good on me x2)

See if I care
See if I ever did
You say I'm such a loser
You say I'm such a dick

Did I ever tell you?
That you look so hot
In that mini skirt
But on me it looks
So much prettier
(so much prettier...)

This is gonna be a heartbreaker (this is gonna be)
Caught me dancing (caught me)
In your make-up (in your make-up)
Wait, wait, tell me (wait, wait, tell me)
Before you leave
Do you think this dress (do you think this dress)
Looks good on me (looks good on me)

This dress
Looks so good!
x7

This is gonna be a heartbreaker (this is gonna be)
Caught me dancing (caught me)
In your make-up (in your make-up)
Wait, wait, tell me (wait, wait, tell me)
Before you leave
Do you think this dress (do you think this dress)
Looks good on me (looks good on me)

So tell me...

Do you think this dress looks good on me?
(Do you think this dress looks good on me?) x8
(On me, on me)
