

# Redman, Fuck Da Security

All my country, funky, brother, motherfuckers  
To my, no good niggaz, and my, no good bitches  
Sorry if I left somebody leavin out with stitches  
Seems y'all too bold for ya britches  
Enslaved your mind like cotton pickers for runnin wit some rotten niggaz  
I get raw to the core with hardcore metaphors  
Reservoir Dog style, truly yours  
Yes, I be the slug up in your chest  
Then you wonder why you can't feel the full strength of ciggarettes  
My nationality is, brutality  
I got the gun up under your leather nigga so walk casually  
You'd be surprised how much info you can get  
For a bottle of crack to find yo' punk ass and yo' kinfolks  
Plus, that crew you run with is butt  
I was dusted one day when I made your man choke up  
Rappers comin to New Jersey and be gettin fucked up  
Talkin about where they from and shit when dem sons ain't runnin shit  
and go off a BIT if you do a show in da Bricks  
You'd swear you was fly and how we bring so much turbulence  
I keep your nervous level high nigga  
You better kiss your son and daughter, tell em bye nigga  
When we creep  
I give respect to all my woolly niggaz with the Rolex  
Shinin briquettes, flashin cash and dumpin Moets  
Especially when my royalty check is late, I don't hesitate  
I scoop up Keith, and see who's flashin at the Palla-  
-dium, hide your weed niggaz cause here I come  
Lookin bummy for low profile, so loud MC's overlook me  
I slip the bartender some more  
Just to tell me [how much cash and Dom P you pour]  
Huh, I should start robbin rappers in the industry  
If we ain't clickin then I'm engineerin your injuries  
Forty-eight tracks of automatics and facts  
Lyrically splat-datted till your mentality blacks  
And I don't give a FUCK if you did thirty bids  
Still I bring Ecstasy like I'm the rapper Jaleel  
Blaow blaow blaow, lickin shots for your fuckin  
mind, I got you niggaz duckin out like I'm one-time  
Or five-oh, po-po, I drive hoes nutty  
Like I be doin security at my live shows  
Your A&R is a punk, he got you gassed  
when I brutally smash any contender in my weight class  
Aiiyo Twinz yo this nigga got jewels  
(hold that nigga while I rob this fool)  
When we creep
